

## **Weak or High and Mighty**

*God hath chosen the weak things of the world to confound the things which are mighty.*

*—1 Corinthians 1:27*

The Bible is filled with examples of how God used people that we would least expect to bring down the high and mighty. I love the story of Gideon and how God kept cutting down the size of the army until there were only three hundred men left. Then God promised to use the small army He had chosen to deliver the Midianites into their hand. That is just what He did.

We all know the story of a shepherd boy named David who defeated the giant Goliath. When David went out the fight the giant, the Philistines laughed at him. The world often looks at what God has chosen and believes it to be inferior. But when God chooses a person to accomplish something He empowers them. 1 Corinthians 1:27 states that God uses the weak things of the world to confound the mighty. That means that God will embarrass, confuse, or frustrate the mighty.

Have you ever found yourself feeling like you were inadequate compared to what you were up against? Perhaps God is using your situation to show His great power. If God has chosen you, you are not substandard. He will equip you to accomplish what He has called you to do.
